

# TWE AGAPE

## Agape Idea of the Month

### Fish Swivel Bracelets

- Gather several #10 fishing swivels. Set them out and straighten the prong on each swivel.
  - Slide a few seed beads onto each prong. Attach the circular end of the next swivel on the prong.
  - Bend the prong back into its curved shape, closing the swivel
  - Unclasp the second swivel, and repeat the previous step.
  - Continue to add swivels until the bracelet is the desired length.
  - Use the last swivel as a clasp and leave it without beads.
- (You can make these with or without beads)
